Mr. Pyle stated the recommended purchase included Blauer 9970-2 with Blauer 4650 liner for all sworn officers. He also stated the outer shell was a Supershell with Crosstech and IllumiNite. He indicated the liner was a fleece liner that could be worn as a separate more light-weight piece of outerwear.

The City Manager reported the U.S. Department of Justice Programs allowed the West Valley City Police Department to receive Justice Assistance Grant (J.A.G.) funds. He indicated the grant amount would be \$40,430.00. He also indicated the funds could be used to purchase equipment, to fund approved programs, and pay salaries for approved programs. He stated this was a non-matching grant and the department was not required to match funds. The remaining balance would be paid for using department budgetary money for protective gear. The Police Department intended to outfit each of its officers with a piece of outerwear that would improve officer safety. He stated the Blauer 9970-2 was a waterproof, windproof, breathable material that was blood, body fluid and chemical resistant. City Manager, Wayne Pyle, presented proposed Resolution No. 08-286 which would authorize the purchase of desktop and laptop computers, in an amount not to exceed \$28,196.87, for use by the Police Department.

MINUTES OF COUNCIL REGULAR MEETING – DECEMBER 2, 2008

Mr. Pyle stated 25% of the computers in the Police Department would be replaced each year through a HP Lease Purchase Agreement. He further stated the Police Department had historically replaced computers with line item funding that had not been able to keep up with demand due to the severe conditions to which most of the computers were subject. Working with the City's IT Division, the Department had found that by participating in the City's current HP Lease Purchase Agreement, the Department would be able to replace 25% of its computers each year, as well as secure a "Total Care" package with each laptop that would cover the costs of repairs the computers needed during the lease agreement. He also stated each computer would be leased for a period of four years and the City would then be able to purchase the computer for one dollar.

The City Manager indicated the fiscal impact of \$28,196.87 was based upon a 7% interest rate. He also indicated that next year the number would be estimated at \$56,393.75. He stated in year three, the estimated cost would be \$84,590.62. Year four, and each subsequent year, would be \$112,787.50 based upon the cost of the computers at today's price and current interest rates.

Upon discussion, Councilmember Burt suggested the old computers be donated to schools after the hard drives had been scrubbed.

After discussion, Councilmember Burt moved to approve Resolution No. 08-286, a Resolution Authorizing the Purchase of Desktop and Laptop Computers from Valcom Computer Center for use by the Police Department. Councilmember Brooks seconded the motion.

RESOLUTION NO. 08-290, APPROVE AMENDMENT TO THE AGREEMENT WITH STANTEC CONSULTING SERVICES, INC. FOR ENVIRONMENTAL STUDIES TO RELOCATE WETLANDS SITUATED AT CENTENNIAL PARK

City Manager, Wayne Pyle, presented proposed Resolution No. 08-290 which would approve an Amendment to the Agreement with Stantec Consulting Services, Inc., in the amount of \$10,400.00, for environmental studies to relocate wetlands situated at Centennial Park.

Mr. Pyle stated Stantec Consulting, Inc. was performing environmental studies to relocate wetlands situated at Centennial Park. The City and Stantec entered into an agreement to provide professional services on November 28, 2006. He further stated the original scope of the work expanded, which required additional research and reporting as well as an amendment to the original agreement. The scope of the work had continued to expand which now required a second amendment to the original agreement.

The City Manager explained the City had contacted Stantec Consulting, Inc. to perform environmental studies and prepare a report and permit request to the U.S. Corps of Engineers to move wetlands on Centennial Park at the corner of 3100 South and 5600 West. Stantec estimated the amount of hours necessary to perform the services and priced them at \$1,700.00 in the original agreement.

Mr. Pyle stated that in approximately May of 2007, the scope of Stantec's work expanded such that an amendment to the original agreement became necessary. The first amendment was executed, which authorized Stantec to expand the scope of the work and also raised the compensation to an amount not to exceed \$18,000.00.
